FERNBROOK FARMS

Summer is fast approaching and so too is Summer Camp! We are always excited to see so many of our Chesterfield neighbors getting outside and engaging with nature every summer. We offer full-day (8:30 – 4) camp for 5-14 yr olds and partial day (8:30-10:30 and/or 10:30-12:00) for 3-5 yr olds. For the 12-14 year olds, there are also some overnight camping options available! And, we have extended day (7:30 - 5:30) and transportation options too. Camp begins June 24th and ends August 23rd.

In the fall, our afterschool programs are a great way to continue the nature explorations! Once upon a time, kids just went outside and explored in nature. Nowadays, they don't have those same opportunities but they do at Fernbrook Farms! During afterschool, we might be building forts in the forests, cooking around a campfire, fishing at the pond, and so much more! Afterschool is great time to unplug, get outside, and enjoy being a kid in the great outdoors!

Visit our website for more information: <https://www.fernbrookfarms.com/center/about-the-center/>

Fernbrook Farms Environmental Education Center is a non-profit 501-c-3 organization with a mission to provide hands-on educational experiences for all young people by exploring the complex interconnectedness of our natural world. Our purpose is to educate children about food, agriculture, and the environment. We believe people should make meaningful connections with our natural world in order to become responsible stewards of local and global sustainability.
